NOTE (2).—The above arrangement with the Mysore Durbar has been extended to the Sandur State (vide Home (Judicial) Department notification No. 654, dated 19th September 1919, published at page 991 of Part I of the *Fort St. George Gazette*, dated 1st October 1919).

Rules for the payment of the expenses of complainants and witnesses attending criminal courts in the Madras Presidency outside the Presidency town

No. 387.—Under section 544 of the Code of Criminal Procedure, the Governor in Council, with the previous sanction of the Governor-General in Council, is pleased to make the following revised rules for regulating the payment, on the part of Government, of the expenses of witnesses (including complainants) attending criminal courts in the Madras Presidency other than those of the City of Madras.—

1. The criminal courts are authorized to pay, at the rates specified in rule 4, the expenses of complainants and witnesses in cases in which the prosecution is instituted or carried on by, or under the orders, or with the sanction of the Government, or of any Judge, Magistrate, or other public officer, or when it shall appear to the Judge or Magistrate presiding over such court to be directly in furtherance of the interest of public justice; also in cases entered in column 5 of Schedule II appended to the Code of Criminal Procedure as not bailable; and in all cases in which the witnesses are compelled to attend by a Magistrate under the provisions of Chapter XLVI of the Code.

The courts may make reasonable advances to witnesses compelled to attend to give evidence when such prepayment is considered necessary.

2. (1) For the purpose of these rules witnesses are divided into two classes, namely, of officials and non-officials. Official witnesses, that is to say, public servants to whom the Civil Service Regulations are applicable summoned to give evidence as officials, are entitled to receive for their journeys to and from the court and for the days spent by them in attendance at the court to give evidence in cases coming under rule 1, travelling allowances at the rates prescribed by the Civil Service Regulations for the time being in force. The court shall not, however, make any payment to official witnesses in such cases, but shall grant them certificates setting forth that they appeared to give evidence of what had come to their knowledge, or of matters with which they had to deal, in their official capacity, the date on which they appeared and the period for which they are detained, so as to enable them to draw travelling allowance and batta under article 1133 of the Civil Service Regulations.

Exceptions.—(a) In cases in which a public servant has to give evidence at a court situate not more than five miles from his headquarters, the court is authorized, whom it considers it necessary, to pay him the actual travelling expenses incurred.

(b) In cases in which the salary of the public servant summoned does not exceed Rs. 10 per mensem, the court itself is authorized to pay his expenses.

(2) When a public servant appears in his official capacity as a witness in other cases [e.g., in cases in which section 244 (3) or 257, Code of Criminal Procedure, is applied], the party at whose instance he is summoned shall prepay into court the travelling and halting allowances admissible to him under the Civil Service Regulations. The amount so prepaid shall be credited to Government, but the court shall give the witness a certificate containing the particulars specified in rule (1) *supra* so as to enable him to draw the travelling and halting allowances admissible under article 1133 of the Civil Service Regulations. When a public servant appears to give evidence in any case as a private person, travelling allowance and batta may be paid to him in the ordinary manner, but the court shall send an advice of all such payments made to him to the head of the office in which he is employed. In this advice the amount paid as batta and the period during which the attendance of the witness in court was necessary shall be stated.

(3) When an official of the Court of Wards appears in his official capacity as a witness in a case connected with an estate under the superintendence of the Court of Wards, the Judge or Magistrate before whom the trial takes place will furnish such official with a certificate showing the days on which he attended to give evidence and the amount of batta and travelling allowance paid to him on that account.

(4) When a public servant whose emoluments are governed by the Army Regulations, India, appears in any case under rule 1 to give evidence in his official capacity, he shall be paid the travelling allowance and batta admissible under these rules, and shall be furnished with a certificate showing in detail the amount paid. If the amount paid is less than the amount

admissible under the military rules to which he is subject, the difference will be paid to him by the military authorities on production of the certificate.

3. Medical subordinates in Local Fund or Municipal employ (including Government servants lent to and paid by local bodies) when attending court to give evidence in their public capacity shall be paid the same rates of travelling allowance and batta as would be admissible to Government servants of similar grades under the Civil Service Regulations.

4. Non-official witnesses are entitled to travelling allowance under two different scales as shown below according as they are (1) Europeans or Eurasians, or (2) Indians. Persons falling under either of these descriptions are, for the purposes of these rules, divided into three classes; and the Judge or Magistrate before whom they are required to appear either as complainants or as witnesses shall be careful to fix the class with due regard to the station in life which they occupy—

	Europeans and Eurasians.			Indians.		
	First class.	Second class.	Third class.	First class.	Second class.	Third class.

* If there are only two classes, the first and second class witnesses will be paid the higher class fare and the third class the lower class fare.

5. In cases within rule 1, the Commissioner of Police may make reasonable advances to witnesses resident in the city of Madras who are summoned by a criminal court in the mofussil and who require the advances to enable them to reach the court. The court issuing the summons, on being advised by the Commissioner of Police of the advances made, will refund the amount to him.

6. The distance for which mileage and the number of days for which batta should be allowed for the journey to and from the station at which the court is held and for attendance at court shall be determined by the Judge or Magistrate ordering the payment in each case.

7. All bills for travelling allowance and batta to complainants and witnesses attending before the courts of magistrate of the second and the third classes shall be scrutinized by the magistrate of the division in which such courts are situated before the charges included in them are finally passed.

8. Whenever a magistrate dismisses a case as frivolous or vexatious under section 250 of the Code of Criminal Procedure, no travelling allowance or batta shall be granted to the complainant in such case.

9. The criminal courts are authorized to pay the necessary and actual expenses of carriage to a witness travelling by road, in the case of persons whose sickness, age, position or habits of life render it impossible for them to walk, provided the expense incurred under this rule shall in no case exceed As. 8 a mile.

10. To Indians and Europeans graded in the first class of non-officials, there may also be allowed the actual cost of carriage-hire to and from court on the days of attendance at court.

11. Subjects of the French Government who are in the official employ of that Government in the French Dependencies in India appearing as witnesses before criminal courts in the Madras Presidency may, if such claim be made, be paid their expenses at the rates to which they are entitled under the Regulations of their own Government in like case. Magistrates are required to refer any doubtful claim for scrutiny to the Collector of South Arcot who is the Special Political Agent for the French Dependencies in India.

12. Officials of the Government of Ceylon appearing as witnesses before criminal courts in the Madras Presidency may, if such claim be made, be paid their expenses at the rates to which they are entitled under the Regulations of their own Government in like case. The claim should be submitted through the head of the department to which the official belongs.

13. Officials of the Mysore Darbar appearing as witnesses in their official capacity before courts in the Madras Presidency may, if such claim be made, be paid their expenses at the rates at which they would be entitled under the Regulations of their own Government. This arrangement may be extended by the Government to other Native States which have agreed to pay the expenses of British official witnesses from the Madras Presidency appearing in their courts on the same scale as that admissible to them under the Regulations of the Madras Government.

Officials of either the Madras Government or the Government of His Exalted Highness the Nizam appearing as witnesses before the criminal courts of the other will be paid travelling allowance at its own rates by the Government under which they are serving on production of certificates of attendance issued by the courts before which they appear as witnesses.

Note (1).—The above arrangement has been extended to the Pudukkottai, Travancore and Cochin States.

Note (2).—The above arrangement with the Mysore Darbar has been extended to the Sandur State [vide Home (Judicial) Department notification No. 664 dated 15th September 1923, published at page 993 of Part I of the *Fort St. George Gazette*, dated 1st October 1923].

URGENT ORDERS.

The Import and Export Licensing Section, Board of Trade, announces that, in collaboration with the Department of Overseas Trade, an arrangement has been made whereby firms receiving orders which require immediate acceptance may telegraph details of any such order to the Department of Overseas Trade in order to ascertain whether a licence will be granted for the export of the goods if the order is accepted.

In the event of an applicant being promised a licence he will be enabled to deal with the order straightaway with the knowledge that upon application being made in the proper form to the Import and Export Licensing Section (Board of Trade) the licence will be granted.

The telegrams should be addressed to "Orders, c/o Advantage, Stock, London." They should give in each case, in addition to the name and postal or telegraphic address of the applicant, the quantity and description of the goods comprised in the order and the name and address of the ultimate consignee if the goods are destined for a neutral country. In the case of orders from Allied or British Territory or from Territory in the occupation of troops of the Associated Governments, the consignee need not be stated; and it will be sufficient merely to give the country of destination. A reply of 12 words (£) must be prepaid.

Applicants are requested in their own interest to confine their inquiries to orders needing a very urgent decision, since the fewer the inquiries the more promptly can answers be given.

Any subsequent correspondence that is necessary in connexion with the telegraphic inquiries should be addressed to the Comptroller-General, Department of Overseas Trade (Export Facilities Section), 35, Old Queen Street, Westminster, S.W. 1.

5. The lists of selected and rejected candidates should be forwarded to the Inspector of Schools, Sixth Circle, by the Inspecting officers before the due date. The names of selected candidates should appear in the list in the order in which the Inspecting officers wish they should be taken, i.e., they should be selected in reference to their general education attainments, their service as teachers, the need for their training and the nature of their appointment and the school from which they apply for training. Candidates who do not satisfy the condition of age-limit under rule 114 of the Madras Educational Rules should not, except in very special circumstances, be included in the list and the selection should be regulated, as far as possible, by rule 114. In the case of rejected candidates, the reasons for rejection should be mentioned against each.

6. To provide for the contingency of some of the candidates selected not joining the Training School, a few more than the sanctioned number will be selected by the Inspector of Schools. All selected candidates who present themselves at the Training Schools on the opening day will be admitted ; those who present themselves later will be admitted in the order in which they present themselves but only up to the number of sanctioned vacancies.

7. The list should include no one who has not been a teacher before or concerning whom there is a doubt whether he really intends to make teaching his profession.

8. In the selection of candidates for training, those who were awarded stipends last year, but were refused admission on account of their not appearing in time might have a first claim for admission.

9. In addition to Provincial stipendiaries, candidates whose stipends are paid by Local or Municipal Boards will be admitted for training, as also private candidates as free students. No Provincial stipends will be sanctioned for teachers who hold permanent appointments in Board and Municipal schools, or who hold sub. *pro tem.* appointments in permanent vacancies or who have been given provisional appointments by Presidents of Local Boards who employ them. In the case of these teachers, clear information should be given in the application regarding the nature of the appointment held by them (permanent, temporary, sub. *pro tem* or acting as the case may be) and whether the Presidents of the Local Boards concerned are prepared to pay stipends on behalf of the teachers recommended by them. The applications of these candidates should invariably be signed by the Presidents of the Local Boards.

10. As regards the qualification for admission, only those candidates, who have passed the annual examination of the third form or seventh standard or have been awarded an Elementary school-leaving certificate of the seventh standard, are eligible for admission into the Elementary higher class and only those who have passed the late Primary School Examination or a corresponding public or school examination, or whose attainments in the opinion of the Inspecting officers are not lower than these are eligible for admission into the Elementary lower class. Preference should be given, as much as possible, to candidates whose educational attainments are above these minimum requirements. The certificate of general education should be sent in original with the applications. The certificate of physical fitness need be produced only by the candidates chosen as stipendiaries. Separate conduct certificates need not be submitted by candidates whose applications are signed by an Inspecting officer.

11. In cases in which the number of candidates applying for training is in excess of the number for whom there is provision, the selection should be made on the result of an entrance examination conducted by the Sub-Assistant Inspector of Schools. The number of stipends available for each range is the same as that available in previous year.

MADRAS MEDICAL COLLEGE.

Session 1920-21.

1. The Autumn Session of the Madras Medical College will commence on Friday the 2nd July 1920.

2. The following are eligible for admission into the M.B. & B.S. class :—

(a) Graduates and candidates who have passed the Intermediate Examination in Arts of the Madras University.

(b) Those who have passed an examination accepted by the Syndicate of the Madras University as equivalent to above, or one of the examinations which are recognized by the General Medical Council of Great Britain as a sufficient test of preliminary education for the commencement of medical study.

(All first-year students of the University class must enter for the M.B. & B.S. degree.)

Owing to the limited accommodation at the Medical College preference in the selection of candidates will be given to those who have passed the B.A. Degree Examination in Science, then to those who have passed the Intermediate Examination of the Madras University in Group II or in Group I (those who passed in a Classical or Classical Oriental language being selected first). In the case of graduates in Arts a pass in classical language will not be required. But as the Madras University accepts at present as unconditional pass in the Intermediate Examination in Arts as sufficient qualification for the commencement of medical studies, those who have not passed in a classical language will also be admitted if vacancies permit, but such candidates will be seriously handicapped should they wish to proceed to Europe for further study and the degrees they may subsequently obtain will not be registrable outside India.

3. The curriculum for M.B. & B.S., L.M. & S. and for women entering the Apothecary department extends to five years.

4. Women candidates who have passed the Matriculation Examination of the Madras University, the European High School Examination or who have obtained the best Secondary School-Leaving Certificate (with optionals other than shorthand and typewriting) are eligible for admission to the Apothecary department. This department is closed to male private candidates.

5. The fee for each year of the M.B. or L.M. & S. is Rs. 125 (including the registration fee of Rs. 6) for males.

Women students pay only Rs. 5—the registration fee—each year, tuition being free for all classes. Dufferin stipendiaries are exempted from the registration fee.

6. Applications from intending candidates must be made to the Principal on forms which can be obtained from the Senior Assistant, Medical College, *till the 5th June* on sending a stamped and addressed envelope. The applications with the following documents (in original) attached thereto will be received by the Principal up to 15th June next :—

(1) Qualification certificate. In case of passing the recent University examinations, quote year, register number and group; (2) Conduct certificate; (3) Transfer (or leaving) certificate; (4) Vaccination certificate; (5) Permission from the superior officer (if in public service).

N.B.—In the case of applications for the M.B., a deposit fee of Rs. 10 should be paid by all male candidates into the nearest Government treasury to the credit of "Medical College Fees" and the treasury receipt sent with the application. NO APPLICATIONS WILL BE REGISTERED UNLESS ACCOMPANIED BY THE TREASURY RECEIPT. The deposit fee will be allowed to count towards the college fees in the case of candidates who are selected. The deposit fee will be returned to candidates not selected but will be forfeited in the case of selected candidates who do not join.

7. Applications defective in any way, *or which are received after the* 15th *June*, will be rejected. No candidate will be admitted PENDING PRODUCTION of any of the required certificates.

8. The prescribed fee should be paid immediately after notice of selection has been received, into the nearest Government treasury to the credit of "Medical College Fees" and the treasury receipt sent to this office. The Principal will in no case receive the fees.

9. *Selection will be entirely according to merit. Personal recommendations will receive no attention.* As priority of applications are not considered, no application need be sent pending success at the University examinations. Intimation of selection may be expected by candidates in the third week of June.

10. If a selected candidate fails to join the Medical College on or before the 5th July 1920, his seat will be filled by another candidate.

11-2

export duty on raw hides or skins shall be allowed only on the exporter furnishing to the Collector of Customs at the port of export a bond securing the payment of the remainder of the duty within six months from the date of shipment of the hides or skins, which bond shall be cancelled on receipt, within that period, of a certificate granted by such Association or other person in the country of destination as the Governor General in Council may designate in this behalf, certifying that the raw hides or skins have been delivered to a tanner for tanning in His Majesty's dominions or in a State in India or in a territory under the protection of His Majesty or in respect of which a mandate of the League of Nations is exercised by the Government of any part of His Majesty's dominions :

Provided that—

(ii) the Collector of Customs at the place of export may, if, on the expiry of the six months aforesaid, no such certificate has been furnished and he is of opinion that sufficient cause has been shown, discharge the bond and accept in place thereof a fresh bond securing payment of the remainder of the duty within such further period as he thinks fit.

The following resolution of the Government of India is republished :—

(INTERNAL TRADE).

Simla, the 1st April 1930.

No. 712.

Read—The Report of the Indian Cotton Committee, 1919.

In paragraph 4 of the Resolution by the Government of India in the Department of Revenue and Agriculture, No. 674-191, dated the 2nd August 1919, it was stated that in dealing with the recommendations contained in the Report of the Indian Cotton Committee the Government of India would accord special priority to the examination of the suggestion made in paragraph 223 of the Report regarding the question of licensing ginning and pressing factories. A copy of the letter which the Government of India addressed to Local Governments and Administrations on this subject, and also with regard to certain other recommendations made by the Indian Cotton Committee in Chapter XVI of their Report, is published for general information.

Letter No. 1718-D., dated Delhi, the 28th February 1930.

From—The Hon'ble Mr A. H. Lee, C.I.E., I.C.S., Secretary to the Government of India, Department of Commerce and Industry.

To—All Local Governments and Administrations.

With reference to the Resolution in the Department of Revenue and Agriculture, No. 674-191, dated the 2nd August 1919, I am now directed to address you on the subject of the recommendations contained in paragraphs 205, 212, 213, 223 229 and 231 of the Report of the Indian Cotton Committee (Chapter XVI).

2. In paragraph 205 of the Report the Committee suggest that cotton markets on the Berar system should be established in other provinces as soon as possible, more especially in the cotton tracts of the Bombay Presidency (except Sind), the Madras Presidency (with the exception of the Coconada tract) and the Punjab Canal Colonies. In the opinion of the Government of India this recommendation is clearly sound, and they hope that the Local Governments and Administrations concerned will give it their careful attention and take necessary steps to give effect to the Committee's proposal, with the aid, where necessary, of local legislation.

3. The Committee recommend in paragraph 212 of their Report the universal use of a cotton mound of 29 lb., but it appears from paragraph 213 of the Report that they do not consider any separate legislation to be necessary for the purpose. Apparently all that they intend is that standard weights should be prescribed by Local Governments as one of the conditions of the licensing of gins and presses, and further that in local legislation for the establishment of cotton markets on the Berars system power should be taken to prescribe standard weights for use in those markets. The Government of India think that these proposals are on sound lines and should receive the careful consideration of Local Governments and Administrations.

4. Paragraphs 223 to 229 of the Report deal with the important question of the licensing of gins and presses, and, after giving the matter their most careful consideration, the Government of India are of opinion that the conclusions arrived at by the Committee in these respects are entirely sound. They accordingly propose, subject to certain minor modifications indicated below and to any observations which the Local Governments and Administrations may have to offer, to accept and to put into force the Committee's proposals.

5. The Government of India agree with the Indian Cotton Committee that, if effect is to be given to these proposals, it will be necessary to undertake special Imperial legislation for the purpose. They also agree with the suggestion made in paragraph 227 of the Report that all gins and presses should be brought within the provisions of the Indian Factories Act, 1911 (XII of 1911), irrespective of the number of work-people they employ. It must be realised, however, that this action will undoubtedly throw a considerably increased burden of work on the local factory inspection staff and the Government of _____ the Administration of _____ will, no doubt, separately consider what increase, if any, in the number of factory inspectors will be necessary for this purpose in the _____

6. The recommendations made by the Indian Cotton Committee in regard to the conditions on which licences should be granted to gins and presses—*vide* paragraph 225 of the Report—appear to the Government of India to be generally suitable, with the possible exception of condition (*m*), viz., that owners of Ginning and Pressing factories should undertake to work for at least eight weeks in the year, unless prevented by causes beyond their control. The necessity for this condition the Government of India consider to be open to doubt. If however, the Local Governments and Administrations see no objection to this condition the Government of India will be prepared to accept it. The proposed condition (*l*) regarding lighting seems to be unobjectionable, but if all gins and presses are brought within the scope of the Factories Act no special legislation would be required to cover this point, inasmuch as section 11 (*l*) of the Act already requires that *every* factory shall be sufficiently lighted.

7. In paragraph 229 of the Report the Committee recommend that action in regard to breaches of the conditions laid down in the license should only be taken on a complaint to the Central Cotton Committee or to the Provincial Committee. The Central Cotton Committee, the formation of which is advocated in Chapter XIX of the Report, and in connexion with which Local Governments and Administrations have been addressed in the Department of Revenue and Agriculture Circular No. 1259, dated the 27th November 1919, would, after suitable inquiry, recommend to the Local Government concerned the withdrawal of the licence or the issue of a warning as it thought fit. This procedure, though somewhat cumbersome, would, in the opinion of the Government of India, work satisfactorily so far as the withdrawal of licences is concerned, but as full meetings of the Central Cotton Committee will probably be held only once or twice in a year warnings might well be issued on the recommendations of the Provincial or Local Committees.

8. The Government of India doubt whether it would be advisable that the conditions on which licences should be granted or withdrawn should be entered in the specific provisions of any legislation that may be undertaken, as the conditions might vary from time to time or in different parts of the country. It must be recognised, however, that a law which gave Local Governments no restricted power to grant, withhold or withdraw licences might reasonably be open to objection. For these reasons the Government of India are of opinion that the best course would be to enact that licences may be granted, withheld or cancelled by the licensing authority in accordance with conditions to be laid down by the Local Government, after consultation with an advisory body on which commercial interests should be represented, and that, when the conditions laid down by the Local Government are not in consonance with the recommendations of such advisory body, an appeal shall be allowed to the Governor General in Council. This advisory body would in practice no doubt be the Central Committee recommended in Chapter XIX of the Report.

9. The Government of India are further of opinion that there should be no penalties laid down in the law, except the penalty of withdrawal of license for breach of the conditions, and a penalty for working a gin or press without a licence. Gins and presses would, of course, be liable for breaches of the Indian Factories Act.

10. [In the opinion of the Government of India the proposed law should apply to the whole of British India, but they are not certain that the conditions in Burma necessitate the action suggested and would be glad to have the views of the Local Government on the point.]

Burma only.

In the opinion of the Government of India the proposed law should apply to the whole of British India. It will not, of course, apply to Indian States, but it is most desirable that they should follow suit and the Government of India intend to invite them to do so as soon as a definite decision has been arrived at as regards the action to be taken in British India.

Except Burma.

11. In paragraph 231 of the Report the Committee recommend the offer of concessions in regard to the grant of Government land in the case of surplus factories forming a pool. This is a matter mainly for the consideration of the Local Governments and Administrations, but the Government of India agree with the Committee that, where members of a pool in any district keep one or more factories closed without adequate justification, no night shift working should be permitted.

12. In conclusion, I am to request that the Government of India may be favoured at any early date with the views of the Government of / your views on the proposals described above after consultation with such commercial bodies or individuals as the Local Government / the Administration / you may consider necessary.

DEPARTMENT OF AGRICULTURE, MADRAS, 1919–20.

GINGELLY CROP OF 1919–20 FOURTH OR FINAL REPORT.

(On an average of the five years ending 1917–18 the area under gingelly in the Madras Presidency has represented some 16·4 per cent of the total area under gingelly in British India.)

The area sown with gingelly up to 1st April 1920 is estimated at 877,400 acres as against the estimate of 635,100 acres made on the same date last year. The latter estimate fell short of the actually recorded area, 881,000 acres, by only 3·7 per cent. The estimate this year is about 29 per cent above last year's actuals. The area in an average year is estimated at 782,720 acres.

2. The area has increased this year in all districts except Ganjam, Kurnool, Cuddapah, Tanjore, Tinnevelly and South Kanara. In Ganjam, the south-west monsoon rains were late in starting. The shortage of water in tanks is responsible for the fall in Kurnool. The area in Tanjore is estimated as less than last year when gingelly was raised on wet lands also owing to failure of rains. Want of timely rains in February and March has reduced the area in Tinnevelly. There were timely sowing rains in other places.

3. Good crops are reported from the west coast. Average yields are expected in Vizagapatam, Cuddapah, the Carnatic, North Arcot, Chittoor, Coimbatore, Trichinopoly and Madura. Elsewhere, the yield is below the average. The estimated yield per acre this year for the Presidency is 7 per cent below the average. On this basis, the yield works out to 110,600 tons against 86,300 tons estimated in last year's season and crop report. This represents an increase of about 27 per cent. The yield in an average year is estimated at 106,630 tons.

4. Figures by districts are given below.

(Area in hundreds of acres, i.e., 00 being omitted; yield in hundreds of tons, i.e., 00 being omitted).
